WHAT WE NOTICED

01

One invoice is over 30 days late

$640 from Aug 28 is still unpaid. A short, friendly reminder usually does it. We can send one for you.

02

Fuel was up 38% from August

$910 this month against $660 last month. If you added a regular client further out, that explains it.

03

Two receipts are missing

Costco on Sep 9 ($184.20) and Sep 23 ($96.40). Until they arrive, the GST you paid on them stays off your books.

YOUR ONE NEXT STEP

Snap the two Costco receipts and send them to your receipts email.
